network I have named, for cogent intelligence, the Looptank Insurrection Group in organized crime conspiracy by occultic means which has also saturated government bodies. It involves whole of secret, occult network under progenitor of all evil (Satan) as his global organization in globalist conspiracy. All Italian-Americans (aka the Mafioso of the Roman Catholic cult faction, with Magisterium's special, nefarious interests) are prominently involved. The long name for this nefarious agency is: The Dr. Strangelove, Pinky and the Brain, Word-Nerd (which refers to predominantly Russian and Chinese aspect of agenda to usurp truncated protocol, which they ad-lib to result a morphing effected, as redactive reform replacing all language usage with eradication of its history amongst the tumult all day every day), Cognitively Dissonant, Projecting Disinformation, Perpetual Looptank Insurrection Group (as you and everyone are surely aware). These will exhibit traits to recognize of Looptank Effect Syndrome. You will know what I mean. I am Jacob, the Centrally Targeted Figure, as the Judeo-Christian Figure, situationally in this matter. I can be certain you are familiar.

Please. In this event:1. I advise to resist their intents of menacing, 2. Reply with informaton beneficial to my weighty cause congruent with your stated purposes.

Thank you,

Jacob CTF (birthname not yet administratively changed on record: James E. Horton who is unfortunately related to recent presidents of the United States of America as a target of occultic ritual abuse assigned to them in pact of allegiance to Old-Crotchfoot the devil.)
